## Substance

Calcium sulfate dihydrate, Off-white to white powder with low to no odour

## Composition

CaSO<sub>4</sub>·2H<sub>2</sub>O

## Product use

Hydro-soil regeneration

## Hazard Identification

Primary entry routes: Inhalation, eyes and skin contact

This product is not expected to produce any unusual hazards during normal use.

Exposure to high dust levels may irritate the skin, eyes, nose, throat or upper respiratory tract.

## Potential Health Effects

Airborne dust or direct contact may cause mechanical irritation of eyes. If burning, redness, itching, pain or other symptoms persist or develop, seek medical attention. Direct, prolonged or repeated contact with the skin may cause irritation.

## First Aid Measures

**Eyes:** In case of contact, do not rub or scratch your eyes. Flush thoroughly with water for 15 minutes to remove particles. If irritation persists, seek medical attention.

**Skin:** Wash with water. Hand lotions may be used to treat dry skin area. If it has become cracked, skin should be treated to prevent infection. If irritation persists, seek medical attention.

**Inhalation:** Remove persons to fresh air and keep away until symptoms subside. Other measures are usually not necessary. If conditions warrant, seek medical attention

**Ingestion:** This product is not intended to be ingested. No harmful effects expected if consumed. No specific recommendations. If gastric disturbances occur, seek medical attention.

## First Aid Procedures

**Skin Contact.** Wash with water

**Eye contact.** In case of contact, do not rub or scratch your eyes. Flush thoroughly with water for 15 minutes to remove particles. If irritation persists, seek medical attention.

**Ingestion.** If ingested may cause temporary irritation to the gastrointestinal tract, especially the stomach. No known effects. Obtain medical attention if ill-effects occur.

## Accidental release or spill

No special precautions. Wear appropriate personal protection.

**Clean up** Use normal clean-up procedures. Wear appropriate protective equipment. Avoid dust generation. Maintain proper ventilation. If washed away this product may block drains.

## Disposal

Follow all EA regulations. Never discharge large releases directly into sewers or surface waters.

Trace amounts of residue can be flushed to a drain, using plenty of water.

**Handling**

Safe when handled under normal conditions. Minimize dust generation and accumulation. Avoid breathing dust. Wear the appropriate respiratory protection against dust in poorly ventilated areas. Wear the appropriate eye protection against dust. Use good safety and industrial hygiene practices.

**Storage**

Keep away from food and drink. Store in a dry location. Keep containers closed when not in use. ALWAYS KEEP OUT OF REACH OF CHILDREN

**Environmental Toxicity**

This product has no known adverse effect on the ecology

**Corrosion hazards**

None

**Exposure controls**

Wear suitable gloves, coveralls and face protection. ALWAYS KEEP OUT OF REACH OF CHILDREN

**Fire fighting measures**

Not applicable. Not expected to burn
